

PRECISION AGRICULTURE IN GRAINS & LIVESTOCK

WEDNESDAY 15TH FEBRUARY 2017
@ LAMEROO SPORTS CLUB
FROM 11.00AM

Join our team of experts to learn how Precision Agriculture can improve your grain and livestock farming operations.

Topics include;

- Are you VR ready using your own yield maps? Join the Tips & Tricks software sessions
- Rick Llewellyn from the CSIRO describes virtual fencing
- Neil Wittwer describes a speedy PA adoption from nothing to decision based management
- PA experiences in mixed Mallee farming enterprises to date
- Demonstrations and practical hands on sessions for the grains and livestock industries.

This is a must-attend FREE event aimed at all grain and livestock farmers, farm workers and advisors
